SEATING RANGE.**

**i29**  
**PERFORMANCE  
SEATING**

**HOOD PHILOSOPHY**

**WE HAD A VISION...  
TO CREATE SIMPLE-TO-USE  
ERGONOMIC CHAIRS  
THAT WOULD FIT EVERYBODY,  
EVERYWHERE. RESOURCES ARE  
PRECIOUS, SO A SUSTAINABLE,  
LONG-LIFE DESIGN WAS  
ESSENTIAL WHILST OFFERING  
AFFORDABILITY FOR ALL.  
AT HOOD, WE DELIVER OUR  
RANGE OF UNIQUE CHAIRS  
QUICKLY TO OUR RESPECTED  
DEALER NETWORK WITH  
A PERSONAL SERVICE AND  
COMMITMENT TO LONG-TERM  
RELATIONSHIPS.**

**We all deserve to have our bodies supported correctly.  
Hood Seating encourages dynamic movement to improve  
our blood flow so we feel great and are focused to work.  
Hood delivers healthy, affordable seating for everyone.**

---

Where once ergonomics was about preventing or mitigating harm, it is now about helping people be more healthy, productive and active.

High-end seating manufacturers recognise the importance of muscle movement and engineer chairs to encourage people to shift position whilst seated. This movement stimulates the muscles; increases blood flow, relieves pressure points, and helps with concentration.

The mechanisms that enable this movement are no longer the exclusive domain of expensive chairs and can now be found throughout the Hood range. Healthy seating is no longer the luxury for the few but an affordable solution for everyone.

Comfortable employees typically work better; are happier and reduce the sick days an organisation can suffer. Hygiene, too, is improved by using modern materials such as mesh which offers ventilation and is easy to clean.

Our unique patented chairs have been designed so that every component can be removed and replaced to deliver extreme product longevity. Replacing damaged parts is good for our environment too.

**You can be confident your Hood chair will always deliver at peak performance and outstanding return on investment.**

**i29** PERFORMANCE SEATING

**ERGO-REVOLUTION  
WITH ITS PATENTED  
LUMBAR AND PELVIC  
SUPPORT SYSTEM AND  
INTUITIVE CONTROLS,  
USERS OF ANY SIZE AND  
SHAPE GET THE RIGHT  
SUPPORT AND DYNAMIC  
MOVEMENT FROM THE  
MOMENT THEY SIT IN THE  
i29 CHAIR. ALL GUARANTEED  
FOR 5 YEARS.**

## **At Hood Seating, we are passionate that people adjust their chairs to maintain healthy posture.**

The i29 boasts one of the most intuitive mechanisms on the market. With three easy-to use pictorial controls on the right-hand side operating seat height, seat depth and advanced dynamic movement, the mechanism can also be locked at any angle. This works like a knee tilt mechanism with the first articulation at the underside of the thighs the second point under your sitting bones (ischial tuberosities), delivering constant support in active mode and reducing the pressure on the underside of the user's thighs.

The extendable direct tension control adjusts the resistance of the chair to comfortably balance users weighing from 8 to 23.5 stone.

Our fully patented floating lumbar support automatically moves with you when in dynamic mode, giving continuous lumbar support. The chair's split back is designed to deliver independent upper back support as well as ensuring the patented lumbar system protects the lower regions – keeping the user's pelvis rotated.

The back can easily be height adjusted for each user's anthropometric measurements by releasing two buttons on the back of the chair.

The I29 is fitted with an aluminium five-star base as standard. The chair can be also be enhanced with optional features. Two different styles of optional headrests are available and may be retro-fitted-the Executive headrest is ideal for 24/7 use and managerial areas, and the Ergonomic headrest provides more adjustment.

The 4D multifunctional arms incorporate three buttons to increase armrest length, width and height which can be locked in position. The angle of the armpads can also be adjusted to suit. If customers prefer their chair to have no arms the i29's can be removed easily leaving the design uncompromised and safe for users.

Another useful option is a coat hanger which can be attachment to the back of the chair keeping jackets and coats uncrumpled and safely off the floor.

**i29** DESIGN YOUR PERFECT CHAIR
