AGILE SOFT SEATING

Workspace dynamics are undergoing a profound transformation. We now invest more time within them, face higher expectations during our stay, and engage in a broader spectrum of interactions with colleagues than ever before.

Soft seating eliminates the barriers that can sometimes emerge from conventional desk and visitor arrangements. Instead, it cultivates a collaborative environment where creativity and solution-oriented discussions flourish.

Our range of soft seating is meticulously crafted in the United Kingdom, integrating premium features such as ecofriendly hardwood frames, high-density reflex foams, robust webbing suspension, and top-tier designer fabrics.

You have the freedom to select from a range of foot and leg profiles at no additional cost. Moreover, you can enhance your workspace with optional extras like power outlets and USB charging ports.

LONDON

The London suite of seating features the highest quality English craftsmanship.

Skilled woodworkers fashion hardwood frames to create a base on which they place resin bonded panels, heavily elasticated webbing suspension and high-density foam overlays.

All upholstery features double stitching for strength and neatness. There is a choice of stylish brushed aluminium, hard or light wood legs.

London comes as a single large chair unit, a generous double sofa or a swivel chair version.
