LOOKS-LIKE-REAL

creating imaginative solutions...

...providing inspirational working environments

0114 229 3080

e sales@bi-direct.co.uk w bi-direct.co.uk

Our replica plants

The Looks-Like-Real range can brighten up any interior. Suitable for use in the shade, or high heat areas where living plants are not appropriate, you can still add greenery to your space.

Our range is ready to display straight from the box in a wide selection of styles and types that will suit your space and budget. What's more, this means no construction or finishing is required and they are simple to look after.

Why Buy Our Plants?

Realistic

Our Production Team choose only the highest quality stems and realistic foliage.

Continuous construction

Featuring fully bonded components from base to tip, our plants do away with the unreliable joints many competitor ranges feature.

Ready to go out of the box

Just open the box and your new plant is display ready - no need to assemble.

2 YEAR guarantee

We are confident in the resilience of our plants. However, if any replica plant display deteriorates within two years due to faulty workmanship, we will replace it for free.*

Strong & resilient

Combining carefully selected components and a high degree of craftsmanship, our plants & planters are resilient & strong - perfect for high traffic areas.

Weighted bases for stability

Pick up one of our plants and you may be surprised at the feeling of weight and quality. The weighted bottoms make the plants stable and durable.

Bonded pebbles

Your plant will arrive with the dressing permanently bonded, meaning no accidental spills to clean up!

Quick and simple to clean

Simply brush the leaves with any small clean brush and use a handheld vacuum for the dressing of the base.
